

Lee's Summit Business Owners Chair Inaugural Clean Air Challenge 5K Run/Walk

LEE'S SUMMIT, MO (July 25, 2007) — Lee's Summit business owners and Chamber members Gary and Trish Walker – the gurus of cleaning green – are the co-chairs of the American Lung Association's Clean Air Challenge 5K run/walk. Although the inaugural event will be held in Loose Park on September 29, the Walkers are hoping for support from the Lee's Summit business community.

The Walkers, who own Magic Touch Cleaning and Return to Green — the Midwest's premier green cleaning retail store — are committed to the cause. "We would like to challenge other members of the Lee's Summit business community to support the American Lung Association's efforts to reduce indoor and outdoor pollution," said Gary Walker. "We would love to see a big turnout from our hometown on September 29."

Getting involved in the Clean Air Challenge 5k run/walk is easy. From corporate sponsorships to team captains, even individual participants, the Walkers hope to have support from other Lee's Summit Chamber members. To find out how you can get involved, contact Gary Walker at gary@magictouchcleaning.net or 816.554.3366.
